LET'S GIVE GREEN

FOLDING, RIGID AND SPECIALTY BOXES

GIFT BAGS

With 90+ years of experience, Progress Luv2Pak continues to be a leader in custom-coordinated packaging solutions. Your project will be expertly managed from concept to delivery, whether a single box or a complete program.

Our integrated services cover an unparalleled range, from structural and graphic design to in-house fulfillment, global logistics and quality control.

Progress Luv2Pak has always stayed ahead of the trends. Launched before it's time, our Give Green initiative continues to be our top priority.

Our dedicated Green team has developed a full environmentally responsible range with eco alternatives available at every price.

We proudly offer:

- Ancient forest friendly paper and cardboard for bags and boxes, including 100% recycled material
- Paper alternatives, such as treeless stone paper and bamboo
- Reusable bag options including cotton, PE, PP, woven and non-woven
- Alternatives to lamination, such as overall embossing and biodegradable lamination

Our North American based facility has the following certifications:

- Forest Stewardship Council (FSC) SGS-COC-006160
- Sustainable Forestry Initiative (SFI) SGS-SFI/COC-CA09/55315
- Programme for the Endorsement of Forest Certification (PEFC) SGS-PEFC/COC-CA09/55316

We also work closely with outside accredited manufacturing facilities, both domestically and abroad, reinforcing that from procurement to production, we are always considering the environment.

Let us show you more Green Progress.
